## An Update to Our Donor List for 2008

Due to an error in our use of the new database, we missed reporting in our latest JRC News the donations we received in the last two weeks of 2008. We apologize for that error, and we include here a list of those whose names were inadvertently either omitted from the list or assigned to a donor club incorrectly.

As we mentioned in the newsletter, we are delighted that individual donations in 2008 reached more than double the total amount of those in 2007. We are most grateful for your generous support of this ministry.
